## If I Were a Farmer

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

Having these articles at hand it would often save the trouble of a trip to town at the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

Smoke the best, Wagners.—64-1f

Whooping Cough  
Give Chamberlain's Cough Remedy to keep the cough loose and expectoration easy. It is excellent.

## The FORDSON at a Glance

The FORDSON Is Light  
Weights Only 2700 Pounds

THE Fordson Tractor is economical—both to buy and to operate—two and one-quarter gallons of kerosene per acre plowed is a fair average.

The Fordson Tractor is powerful—will pull two 14-inch plows in the stiffest soil or drive a threshing machine—maintain 1800 pounds drawbar pull at plowing speed—2500 pounds on low gear. Twenty to twenty-two horsepower is available at the belt pulley.

The Fordson Tractor is durable—simple, rugged, accessible in design with few parts. The toughest steels which science can produce are used to give strength and durability instead of depending on heavy masses of metal. All moving parts are enclosed and lubricated, air is washed clean to protect the motor.
